

Dear Friend:

I always tell my students to surround themselves with good people, and work they enjoy because they will never “work” a day in their life and always be surrounded by friends, the only downside of that is that time truly flies by.

On April 25th, the second annual Earth Day Community Event was held. This was the first year it was put on entirely by our Commission, and I am incredibly thankful for my fellow Environmental Commission members for helping to plan the event. I have spent some time thinking back on how this event has grown and changed over the years into the new event it is now. When I first started on the Commission, we held an “Earth Day” event at Liberty Park Nature center, and would spend four hours outdoors to have maybe 10 people visit us.

This year, well, this year was certainly very different – In our two hour event, I would estimate 100 community members were able to interact with a number of vendors, and learn more about the impact they can make in the environment.

A special thank you must go out to all of the vendors, participants, and community members for making it such a special day, including the Summit Metro Parks, Twinsburg Garden Club, Twinsburg Native Habitat Association, Tinker’s Creek Watershed Partners, Mrs. Kurt and her THS students, Twinsburg Parks and Recreation Department/Commission, The Girl Scouts, Beekeeper Kathy Ouma, Journey Church.

I am already looking forward to a successful 2027 event, and seeing how we can make it a better event for all members of the community!

Sincerely,

A handwritten signature in black ink that reads "Jonah T. Pichette".

Shred Day

It's that time of year again, The City of Twinsburg's annual Shred Day is coming soon! Mark your calendar for Saturday, June 27th, 9am-12pm at the Twinsburg Public Works building (10231 Ravenna Road). Residents of the City can bring up to six boxes or bags of paper material to be shredded onsite, and later recycled. This helps support the mission of the Environmental Commission, and protect you in the process. A few quick reminders, please remember papers should not be pre-shredded, your boxes or bags should not have anything except paper in them. The event is for City of Twinsburg Residents only, please be prepared to show ID.

Wastewater Treatment Plant Tour

Are you interested in touring the City of Twinsburg's Wastewater Treatment Plant? Every year, the Environmental Commission takes a tour of the plant to learn about how it is operated, how

Director Zuege and his team work to ensure that the outflow is safe and clean, and about improvements in the plant to ensure it remains efficient and operational for decades to come. This year, on July 21st, from 2-3pm, members of the Commission and Community will be touring the plant. If you would like to join us, please feel free to reach out to me via email at jonahpichette@gmail.com, we will be meeting at 10231 Ravenna Road.

Streetscape Survey Improvement Results

The results of the Downtown Streetscape community survey have now been posted on the project website. Over 500 people contributed to the survey providing valuable feedback. You can [view the results here on the project page.](#)
