

Dear Friend:

With school back in session, and the Ohio weather near perfect, please remember that there are children and families out and about at all hours of the day. Take it slow on the road, don't text and drive, and make sure you're watching out for motorcycles and e-bike riders.

Last year [I wrote about](#) the honor I had hosting and speaking at a Naturalization Ceremony where twenty-five individuals took their final step in their journey to become United States Citizens.

After months of planning, and a tenuous back and forth on the status of the ceremony, I'm proud to say I have successfully hosted another ceremony. This time, twenty-two individuals took the final steps in their arduous journey to join us as fellow Americans. While I plan a lot of events, big and small, this was not one I took lightly. Individuals going through the Naturalization process have spent years of their life learning English, studying for and taking a Government/History test, and so much more. Because of this, I tried my very best to ensure the ceremony itself, and my speech exemplified the pride one should feel comes with being an American, and living the American Dream. Quoting the Constitution, and words of George Washington to do just that. [You can watch my speech here.](#)

Please enjoy the rest of your September, and try to be the best version of you each day. If I can ever be of help to you, do not hesitate to reach out!

Sincerely,

Councilman Bonacci's Ward One Resource Day

Councilman Bonacci did another outstanding job hosting his annual Ward One Resource Day and Picnic. As a resident of Ward One I was able to interact with a number of community organizations, businesses as well as friends. I remarked to Councilman Bonacci how I believe this was the best year yet, and am looking forward to another successful event next year.

Rally Against Suicide

September is Suicide Awareness Month. It's a month dedicated to bringing attention to something that so many individuals and families struggle with. To let all of them know that there is help, support, and resources for them in times where it feels like the world is against them. Veteran advocate and community member Tim Hauser decided to do something about it. Through his nonprofit, [Veterans Assurance Network](#), he planned a thoughtful Rally Against Suicide here in Twinsburg.

While of course the event was kicked off with words by the Mayor, and there was food, raffles, rocks to paint with positive messages and even some fun conversations, it was also an incredibly reflective day. I wrote a sign that was displayed along the pathway honoring my friend and fraternity brother who left this earth far too soon.

During the Memorial Walk I was able to share more about my friend, and learn about those who have lost family members and friends.

This was the first rally held in Twinsburg by the Veterans Assurance Network, but I look forward to helping Tim and V.A.N. grow it each year.
